

Dear _____,

I received your request for some additional information about working with our A+ rated Better Business Bureau company. I called you today to answer any questions you may have about working with us. However, no one answered so I left you a message.

I just wanted to shoot you a quick email with the information you were asking for. We are currently recruiting for exciting home based telecommuting careers.

Please read this detailed overview www.homecareeroverview.com. I think you will be surprised by what you find. I am also including a recorded call by my good friend Patti Triplett **(518) 530-1632**.

We are very well known on a national level, we are partnered with dozens of Fortune 500 companies like Target and Sears, we are members of the US Chamber of Commerce, we have an A+ rating with the BBB and we are even partnered with the FBI.

Once you read the overview, www.homecareeroverview.com, the next step is for you to get all of your questions answered. Please call me at **765-482-7521** with your questions in hand. I will answer them all for you, conduct an interview on the spot, and together we can see if working with AmeriPlan is a good fit for you as well.

I look forward to your call!

Warm Regards,

Kathy Coddington
Regional Sales Director
AmeriPlan A.C.E. Top 60
